

Does your child suffer from hearing loss?

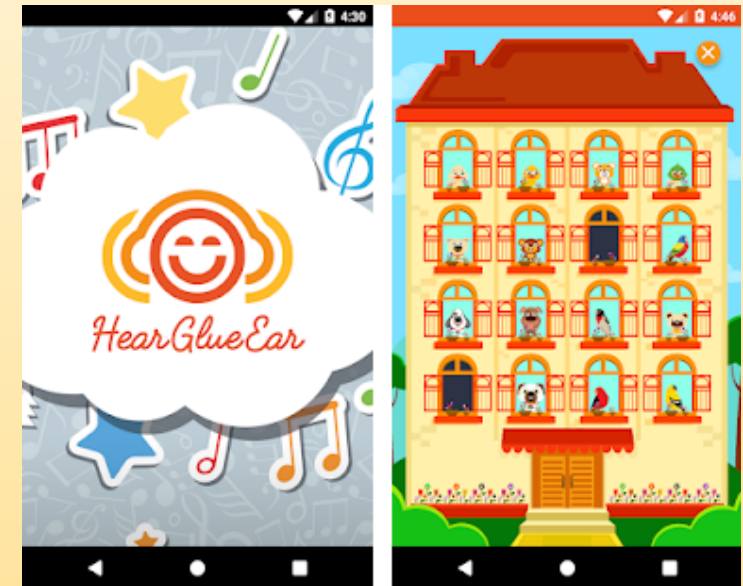

Hear Glue Ear is a FREE app for children aged 2-6 who experience a hearing impairment caused by glue ear. 8 out of 10 children will suffer from glue ear before the age of 10.*

Children can practise their speaking and listening skills by exploring:

- songs
- games
- audiobooks

Parents can also monitor a child's progress through the hearing screen activity.

*National Deaf Children's Society
